METHODOLOGICAL NOTES

The aim of the statistical survey on nautical tourism is to obtain data traffic from foreign yachts and other vessels intended for leisure, sport and recreation in the territorial sea of Montenegro, as well as the number of foreign visitors who enter our country by these vessels. Reporting units in this survey are harbour master's offices and their branch offices. Data collection is carried out using the reporting method (TU-17 form).

Motor yacht is a vessel equipped with an engine intended for entertainment, sport or recreation and having according to the common maritime usance, a cabin with at least two beds, a toilet and cooking facilities.

Sailboat is a vessel intended for entertainment, sport or recreation whose main power is wind and it is equipped with a cabin with at least two beds, a toilet and a cooking facility.

Other vessels are boats (made of wood, plastic, rubber and the like) 3 or more meters long or less than 3 meters long if they are equipped with an engine. Included are also motorboats if they do not meet requirements for yachts.
