METHODOLOGICAL NOTES

Source of data

Data for the report of the arrival and departure of ships are the result of a regular quarterly survey of the transport of passengers and goods at ports.

Coverage

The surveys cover enterprises classified within the Classification Unit Register by Activity Classification in Section H (Transport and storage), Area 50.

Definitions

Ports are places for loading/embarkation and unloading/disembarkation passengers and goods at the seashore built particularly for this purpose, while docks are similar places on riverbanks and lakefronts.

Total port traffic in addition to the export and import also comprises inland traffic.
