Data source

Data source for external trade of Montenegro is customs declarations on export and import of goods. Customs declaration is a document applied in customs procedure. It contains data important for the very customs procedure, but also for needs of statistics and other users. MONSTAT takes over the data in electronic form from Customs Administration of Montenegro with monthly periodicity, and further processes and publishes the results.

Since 2002 under customs procedure when using tariffs of products, Combined Nomenclature harmonised with EU Combined Nomenclature is used. It is published in the Official Gazette of Montenegro for the current year.

External trade coverage

Export covers the goods leaving the statistical territory of Montenegro in accordance with the following customs procedures:

- a) Export
- b) Outward processing
- c) Re-export that was in the procedure of inward processing and manufacture of goods under customs control

Import covers all goods entering the statistical territory of Montenegro in accordance with the following customs procedures:

- a) Import for free trade
- b) Inward processing
- c) Manufacture of goods under customs control

Classification of export-import is performed in accordance with Nomenclature for External Trade Statistics which is based on Standard International Trade Classification (SITC), rev. 4. The code of every products classified by SITC has the following structure: first number means sector, second one – section, third – group, fourth – subgroup, and fifth number – position, i.e. product.
